---

Jamie so this meeting is on - have you confirmed with them? Do you know where I am meeting them? They have several floors here. Do we need anyone besides you and I for this intro meeting (thinking not)?

Hi all. Picking back up on this: Concur w/what has been decided – I will plan to dial in for the 4/4 meeting (can someone provide dial-in info?) and then we can invite CRITFC to the interagency AAR. Jamie

Our internal (w/ EPA) AAR for this is on 4/24. I am available to attend the 4/4 CRITFC lunch hour meeting and I think it would be fine if Jamie attended by phone. CRITFC would still be a desired

attendee at the actual agency-wide AAR, which I believe Jamie was targeting to hold in May.

Sounds good to me. I have a EPA Warehouse audit to attend on April 4, but we do need to get together soon and start the AAR process.

The purpose of DEQ and EPA meeting ahead of the AAR is to get our ducks in order before the interagency AAR. I will leave it to Jamie to determine whether individual discussions with CRITFC prior to the AAR would be beneficial.

FYI to all recipients...CRITFC is asking for an interagency AAR meeting. I suggested we might want to do it before our agency AAR, but timing and participation are up to you.

If you want me to coordinate with Rob let me know...otherwise I will let you all settle the details.

Don

Rob - I don't know if Richard is attending, but we have the first industry drill of the year scheduled for that day.

(b) (6)

the first of April. I will watch for future emails, but I think that others here at DEQ might want to attend such a meeting.

That first week back is going to be tough anyway, so we might want to think about 2nd or 3rd week. We have an agency after action review scheduled for the 24th. Not sure if we would want to meet before our agency meeting, or after. It seems like we could benefit more at our meeting, if we had your feedback already.

Thanks for your help in keeping us moving forward together.

Don

Subject: Linsey Lake review

Good morning Don and Richard,

Would you both be available for an informal lunch meeting at the CRITFC offices on April 4 to share some reflections on the Lindsey Lake spill.

We had a number of CRITFC staff involved in the response and we are continuing to better understand the contributions our staff can make to the response in coordination with all involved.

CRITFC is going to have an internal review ("hotwash") of the Lindsey Lake spill in the morning on April, 4. We'll be discussing internal roles and responsibilities and the spill response outcomes.

If you could join us for an hour at noon on the 4th that would be great.

Best regards,

Rob
